

RANJITH RAMU

DATA SCIENCE

CONTACT

- 91+6381979732
- rr7139036@gmail.com
- 36/16, Palayapattu Street,
Ulundurpet (PO), Kallakurichi
(DT), 606107

SKILLS

- Python
- Machine Learning & AI
- Algorithms & Data Structures
- SQL/MySQL
- Power BI
- HTML & CSS
- JavaScript

LANGUAGES

- English (Fluent)
- Tamil (Fluent)

CERTIFICATE

- Data Science internship
Gradtwin Services (OPC)
Private Limited
- Advanced Machine Learning
using Python Programming
(AI Foundation Trust)
- RGA with MongoDB
(MongoDB)
- Data Engineering on AWS –
Foundations (AWS)

PROFILE

To secure a data science role in a forward-thinking organization where I can apply my expertise in statistical modeling, machine learning, and data visualization. My goal is to design and deploy data-driven solutions that enhance operational efficiency and drive innovation, while continuously expanding my technical skill set in a collaborative environment.

WORK EXPERIENCE

Sathya Agencies

JAN 2024 – AUG 2024

Data Entry Operator

- Managed large volumes of data using data entry software.
- Verified and processed data from multiple sources to ensure accuracy.
- Maintained data integrity and security by following standards.

EDUCATION

MCA (Computer Applications)

2024-2026

Dhanalakshmi Srinivasan University / Anna
University

CGPA: 7.8

- Relevant Coursework: Data Structures, Software Engineering, Web Technologies, Machine Learning
- To derive actionable insights and contribute to data science applications.

BSc (Computer Science)

2019-2022

Sri Vinayaga Arts & Science / Thiruvalluvar
University

CGPA: 7.4

- Goal: To build strong foundations in problem-solving and software development.
